

Did Pedophilia Hysteria Cause Child's Death?

Contributed by Steven Arness

I just read a fairly disturbing article Did Pedophilia Hysteria Cause Child's Death?

I can understand when females say they are not treated equally, my own mother is a victim of the discrimination she faces for being a female.

But I dare any female to say males have it better then females after reading this article.

I have more thoughts on this issue, but will have to post them later.
